

- Designed with the capacity for a full days work, it holds 500 gallons of paint and 3000 pounds of beads.
- Teton is built for reliability and provides day after day of outstanding performance and output.

 **VALU LINER**

The ValuLiner series offers quality equipment with all the necessary features at an exceptional value.

## CHASSIS

- Peterbilt Model 220
- 33,000 pound GVWR
- 170 inch wheel base with factory clear frame rail package
- Highway cruise control with low speed engine control down to 4 mph
- 160 amp alternator
- 21,000 pound air ride rear suspension
- 45 gallon left side fuel tank
- Left side DEF tank
- PACCAR Model PX-7 diesel engine with 250 HP at 2400 RPM
- Allison Model 2500RDS-P transmission
- 11R22.5 tires with steel wheels, and back up alarm

## DECK

- Smooth aluminum with grip material strips
- 96 inch wide at operator station
- 84 inch wide operator station to gun carriages
- 96 inch wide forward of the carriages
- 42 inch high railings with mid-rail
- 32 inch high railing with mid-rail and bump-out operator stations
- Welded on canopy to protect rear operators from sun
- Bostrom air ride operator seats with seat belts & tethers
- (1) 18" x 18" x 24" toolbox mounted on rear

## MECHANICAL FRONT GUIDE

- Pneumatic lift with swivel caster tire with 6 to 10 foot extension

## PAINT CAPACITY

- 500 gallon paint capacity using tote draw paint supply system
- 2 inch hookup hoses
- 1 inch LP paint recirculation
- Four web straps provided for securing paint totes – two per tote
- Deck cutouts for tote hose hookups with cam
- Groove fitting hookups for tote hoses when totes are removed

## HP PAINT PUMPS

- Two Titan 13.0 GPM pumps with manual control
- Two ASME surge chambers

- HP paint filter on each and pressure relief at each HP paint filter
- HP paint hoses 1/2 inch ID with 1/2 inch ID female swivel stainless steel fitting on both ends

## LP PAINT PUMPS

- Two ARO 2 inch diaphragm pumps with 100 square inch filter with drain valve
- Each pump with two 2 inch by 12 foot load hoses
- Cam and groove fittings both ends with cam and groove fitting on 1.5 inch by 40 inch stainless steel pipe stingers
- Pumps used for loading paint & charging HP paint pumps

## PAINT GUNS

- Three Graco Model 238-377

## BEAD TANK

- 3000 pound bead tank with step
- Three 2 inch sight glasses
- Screen in neck of tank
- Vacuum bead loading with 2 inch by 12 foot load hose with 3 foot stinger

## BEAD GUNS

- Three Graco Model 238-338 with 1 inch ID poly spring reinforced hoses

## AIR COMPRESSOR/AUXILIARY ENGINE

- Boss Industries Model 210DUS Tier 4 Final with 210 cfm at 100 psi
- Utility mount with controls at rear operator's station
- 12 gallon air tank
- Air jets
- Model 111F LaMan extractor/dryer with auto drain
- Two air take offs with quick connect fittings

## HYDRAULIC SYSTEM

- 30 gallon hydraulic oil reservoir with 10 micron return line filter and 10 micron cartridge breather filter
- One pressure compensated hydraulic pump direct driven by John Deere 4045 Tier 4 Final auxiliary engine part of Boss Industries utility mount air compressor
- Five foot carriage extension

- Hydraulic oil cooler with 12 volt DC fan with temperature switch
- Solenoid controlled hydraulic bypass switch for easy start of auxiliary engine

## ELECTRICAL SYSTEM

- Mid-size console
- Skip-Line, Inc. Model SC-12 timer system with two, four line Master Boxes with air jet switch and gun actuator switches
- Three-position alternate cycle switch
- Two gallon counts one per color
- Heavy duty magnet wrap

## ARROW BOARD

- National Signal 25 LED lamp 3 foot by 6 foot actuated arrow board with controller in chassis cab

## INTERCOM SYSTEM

- David Clark Model U3800 three station with one H3492 single earpiece headset & two Model H3432 dual earpiece headsets
- Three headset storage hooks

## SAFETY LIGHT SYSTEM

- Two Whelen Model L41AP amber LED 360° strobes front of deck
- Two Whelen Model 70A02FAR amber LED directional light heads on rear of canopy railing
- Two Whelen Model LINV2A mini amber LED 180° strobes on carriages, one per carriage

## GUN RAISERS

- Three electric actuators for paint guns with switches on timer boxes

## LED WORK LIGHT SYSTEM

- Eight Hella 1000 lumen LED work lights
